

8th International Workshop on Tropical Marine Environmental Changes

“Tropical Indo-Pacific Ocean: From climate change to ocean environment response”

(Nov. 6th -8th 2015, Guangzhou, China)

First Round Announcement

Background

As a global ocean heat reservoir, Indo-Pacific warm pool is the key region for vigorous exchange of substance and energy in the world oceans and its large thermal inertia has an important influence for climate change in East Asia. Indo-pacific warm pool is not only the important source region for the many climate variabilities, including the East Asian Monsoon abnormal activity and the kinetics of low frequency wave train, but also the bridge for East Asia Monsoon activity. The later is affected by Tropical Indian Ocean and the Eastern Pacific, and it is directly linked to the drought, flood and typhoon disasters in China and regulates the global climate change.

Since 2001, a series of international conferences on the Tropical Marine Environmental changes began and continued every other year, advocated by Academician Yeli YUAN and Prof. Ping SHI. To date, the conference has been successfully held seven times and is well-known in the scientific community. The conference has provided a communication platform for the scientists all over the world who are engaged in the study of the equatorial Pacific and Indian Oceans, South China Sea and adjacent tropical marine environment.

On Nov. 6th -8th 2015, the 8th International Workshop on the Tropical Marine

Environmental Changes will be held in Guangzhou, China. A series of outstanding ocean and climate scientists will be invited to attend our meeting to discuss some hot issues on Indo-Pacific Ocean variability and its environmental effects. Meantime, hosted by State Key Laboratory of Tropical Oceanography (LTO), a two week workshop “Indian Ocean: Monsoon, Circulation, and Climate” will be held after this international conference on Nov. 9th -20th, 2015. Profs. GuoXiong WU, Ming FENG, and Rui Xin HUANG are the keynote lectures of the workshop. We look forward to seeing our colleagues in Guangzhou!

Theme: Tropical Indo-Pacific Ocean: From climate change to ocean environment response

Proposed Sessions:

- 1. Tropical Pacific variability and climate change**
- 2. Indian Ocean variability and its environmental effects**
- 3. South China Sea Monsoon and ocean dynamics**

Organizers:

State Key Laboratory of Tropical Oceanography

(South China Sea Institute of Oceanology, Chinese Academy of Sciences)

Sponsor:

South China Sea Institute of Oceanology, Chinese Academy of Sciences

Guangzhou Association for Science and Technology

Extended Abstract Collection:

Oral presentations are selected based on abstracts submitted. Extended abstracts will be published.

The extended abstract should be written in English, using 12-point font (Times New Roman recommended) and no more than four pages (including graphs and tables). The content should include a title, names of the authors and their institutions, mailing addresses, and E-mail, phone and fax numbers of the corresponding author. We suggest you use Microsoft Word or plain text format for the electronic document. The abstract should be sent to the secretary of the conference via regular mail or E-mail (preferred) before Oct. 1st 2015.

Agenda:

Abstract submission deadline: Oct. 1st 2015

On-site registration: Nov. 6th 2015

Meeting dates: Nov. 7th -8th 2015

Venue:

Guangzhou Sun Yat-Sen Kaifeng Hotel Co. Ltd

Science and Technology Cultural Exchange Center, North Gate of Sun Yat-Sen Univ.,

Binjiang Dong Road, Haizhu District, Guangzhou, China.

Tel: 86-20-89222888-30138

The Channels for Baiyun Airport To Hotel:

By taxi: need 40-60mins; about RMB150;

Notes for Registration:

1、 Registration fee:

Domestic participant-----2,200RMB

Domestic student-- -----1,500RMB

International participant----- 380USD

International student-----220USD

Registration before Sep. 15th. 2015:

Domestic participant-----1,900RMB

Domestic student-----1,200RMB

International participant----- 350USD

International student-----190USD

2、 Registration fees cover your lunch, banquet, break tea, souvenir, papers collection for conference etc.

3、 Registration fee is only accepted on site in RMB. For student, please show your student ID when check in.

4、 The contract price of hotel is just available for MEC2015 participants, and you will be responsible for your own travel expenses and accommodation.

5、 On-line registration: <http://lto.scsio.ac.cn/Mec2015/html/index.html>

Contacts:

Ms. Zhao, Di (Tel. 13622742736), E-mail: zhaodi@scsio.ac.cn

Ms. Zhan, Qin (Tel. 15013102557), E-mail: ledy@scsio.ac.cn

Mr. Du, Yan (Tel. 18620639002), E-mail: duyan@scsio.ac.cn

Please submit the registration form before Oct. 1st, 2015 to ledy@scsio.ac.cn or registry online.

Phone (O): 86-20-89023184

Fax (O): 86-20-89024637

Address: State Key Laboratory of Tropical Oceanography, South China Sea Institute of Oceanology, Chinese Academy of Sciences;

164 West Xingang Road, Guangzhou, 510301, P. R. China
